

WANTED TO HEAR VIEWS ON FREEDOM OF SEAS DISAPPOINTMENT AT WILSON'S SPEECH

Marcel Sembat Believes Coming of President Will Bring Genuine Peace.

Paris, Dec. 4.—Disappointment was expressed here today over the failure of President Wilson to reveal some outline of his views on the "freedom of the seas" in his address to the American congress on Monday. However, it is realized that perhaps it was inadvisable for the American president to reveal his hand before the meeting of the peace plenipotentiaries.

At the same time it is understood that the allied governments have already been more or less acquainted with the general features of the president's proposals and it is likely that they have been discussed at the inter-allied meetings in London.

But if any formal statement is issued in London by the inter-allied conference, with the customary declaration of perfect accord, it is believed that it would be a mistake to assume that the allies have taken a united stand upon President Wilson's proposals and will not be swayed there by any arguments presented in the conferences preliminary to the peace conference.

Marcel Sembat, writing in L'Espresso, says that the coming of President Wilson will bring a genuine peace. This writer says:

"World workers for democracy are moved by the coming of the American president. They feel that the coming of this man amongst us at this decisive hour brings peace, just as several months ago he sent us a victory peace. He brings us real peace, not an armed peace, such as we have known in the past. It is a disarmament peace. President Wilson is the man of all who wish disarmament and a society of nations."

OFF THE WIRES

Validity of the Kentucky "Jim Crow" law was affirmed in appeals filed in the U. S. supreme court by the South Covington and Cincinnati street railway and the Cincinnati Covington street railway.

Capt. Norbert Carolin made a flight in an army airplane from Pittsburgh to Washington in one hour and thirty minutes. War department officials said the best previous record for this trip approximately 300 miles, was two hours and twenty minutes.

Edwin E. Gee, auditor for the war labor board, is under arrest at Chicago, charged with forging a number of government checks issued in the name of employees who had left the government service.

Naval construction work has been slowed forty-five per cent. because of unfavorable conditions prevailing since the signing of the armistice. Rear Admiral Parks, Chief of the naval bureau of yards and docks told the house naval committee.

Government expenditures in November reached the new high record of \$2,000,000, the treasury department announced.

W. H. Warren, of Richmond, Va., chairman of the food administration, has resigned. His work was in the interest of consumers in North and South Carolina, Georgia, Florida, and Arkansas and Oklahoma.

A disastrous fire, sweeping through the W. I. Stegall horse and mule barns, of Montgomery, Ala., caused the loss of seventy-three head of stock, the purchase price of which ranged from \$50 to \$100 per head.

Fuel Commissioner Garfield has resigned and President Wilson has accepted his resignation.

More than seventy-five men were given out of employment and a loss exceeding \$50,000 was entailed at Nashville when fire of undetermined origin destroyed a large pencil factory operated by the Gulf Cedar company.

During the week ending November 25 the production of coal in the East Tennessee and southwestern Kentucky coal fields totaled 172,000 tons, as compared with an output of 182,991 tons for the week ending Nov. 2.

The government has definitely abandoned the project of using the new highway Memorial hospital and the Tennessee school for the blind buildings at Nashville as a government hospital to care for wounded soldiers returned from France.

Restrictions on the purchase of sugar for consumption in homes and public eating places were removed by the food administration. Increase in the supply of Louisiana cane and western beet sugar and expectation that the new Cuban crop will begin to arrive soon, permit abandonment of the sugar ration system, the administration said.

Demobilization Will Continue Until Peace Footing Is Reached.

Pensacola, Fla., Dec. 4.—(U. S. N. S.)—More than 1,000 men have been ordered demobilized before December 20 at Port Barrancas by the war department today. Demobilization will continue as fast as possible until the reservation is placed on a peace footing. The men will be released by zones; those living within fifty miles will go first.

CONCLUDES SESSION

Supreme Court Winds Up Docket and Adjourns.

Knoxville, Dec. 4.—(Special).—The supreme court of Tennessee has concluded the hearing of cases here.

All cases set on the docket have either been heard at this term of court or have been transferred to be heard at Nashville next month. It is expected that opinions will be handed down here on all cases which were argued or submitted by certiorari proceedings.

MORE TROOPS ARRIVE

Lapland Comes in With 1,797 Soldiers and 233 Officers.

New York, Dec. 4.—The transport Lapland, with 233 officers and 1,797 returning American soldiers aboard, arrived at quarantine this morning.

The ship docked at the foot of West Twenty-ninth street, and the Hudson river during the day.

The transports Minnesota and Osea, which left England with the Lapland, are expected to arrive today.

The police boat patrol, bearing the number of Marine Hyland's committee to welcome home-coming troops, steamed down the bay to meet the Lapland.

The Sierra, with the first organized detachments from France, is scheduled to reach New York Saturday, but may be delayed until Monday because of weather.

The White Star liner Celtic is due Friday or Saturday with about 1,500 more troops from England, the navy department says.

The Canadian Pacific liner, Empress of Britain, and the White Star liner Adriatic, both sailed with troops from Liverpool on Dec. 2.

CEASE BOARDING SHIPS

Intelligence Officers Will Discontinue Boarding of Ships by Intelligence Officers, with Exception of Vessels from Spain, Portugal and the Netherlands.

Pensacola, Fla., Dec. 4.—The boarding of ships by intelligence officers, with exception of vessels from Spain, Portugal and the Netherlands, has been ordered stopped in a communication received today from the navy department. C. H. Adams, in charges here, ordered the immediate discontinuance of all sailors on the ship. They will be transferred out from New Orleans.

since long lines of tables set for supper filled almost the entire space. As the repatriates filed in, women showed them to their seats, while others distributed small French flags to young and old alike—the flag that once more they might wave freely.

No man did we see between 14 and 40 unless they were palpably ill or crippled, and comparatively few women who had not long since passed their prime. Mothers had been separated from sons and daughters dragged off by the boche to work in factories and mines, even on fortifications to be used against their own kin.

The feast was nearing its end and when the sub-prefect mounted the rostrum and began to speak, instantly there was silence. He dwelt upon France's love for her people, her sorrow for their sufferings.

"His words had hardly ceased when the band struck up the 'Marsellaise.' The old, the young, the halt, the blind rushed to their feet, trying their best to join in the refrain, but frequently prevented by sheer nervous exhaustion. Sobs could be heard and the faces of most of the women and of many of the men were hidden in the handkerchiefs with which they wiped away their tears of joy."

REOPEN BREWERS' PROBE

Documents Submitted to Investigate Press Body.

Washington, Dec. 4.—With the reopening of the senate investigation into the political activities of the organized brewers, Maj. E. Lowrey Humes attempted to link the American Association of Foreign Language Newspapers with the United States Brewers' Association through the National Association of Commerce and Labor.

Humes submitted scores of documents to Louis N. Hammerling, president of the foreign language newspaper association, which tended to show that—

1. The association was the agency through which Percy Andrus, in the pay of the brewers, circulated anti-prohibition propaganda in the form of "personal liberty articles."

2. The American Leader, of Chicago, published by Hammerling, was subsidized by the brewers' association, through Andrus.

TWO BILLIONS SAVED

Washington, Dec. 4.—Cancellations of war contracts since the armistice was signed were estimated by Secretary Baker today to aggregate \$2,600,000,000.

SCATHINGLY CONDEMNED

German Navy's Cowardice Denounced by Admirals.

London, Dec. 4.—(British Wireless Service).—A scathing denunciation of the personnel of the German navy was made by Admiral Sir David Beatty, commander-in-chief of the British grand fleet, in a speech addressed to a gathering of representatives of the first battle cruiser squadron on board the battle cruiser Lion, prior to its departure for the Scapa flow as an escort to the surrendered ships of the German high seas fleet.

"We had hoped to see them," said Admiral Beatty, "to have the courage looked for from those who work upon the waters and am sure the sides of this old ship, which have been well hammered in the past, must have acted as I asked and you asked, to give them another taste of what we had intended for them."

"Their humiliating end was the proper end for an enemy who has proved himself so lacking in chivalry. At sea his strategy, his tactics and his behavior have been beneath contempt and worthy of a nation which has waged war in the manner in which the enemy has waged war."

"Every British sailor has a large heart and a short memory. Try to harden the heart and lengthen the memory and remember the man you are looking after is a despicable beast; nothing more or less. He is not worth the sacrifice of one bluejacket in the British fleet, and that is the one bright spot in that he did not come out."

BOLSHEVIK ACTIVITIES

Rosa Luxemburg Crowd Demands Confiscation of Food.

London, Dec. 4.—(U. S. N. S.).—The bolshevik element in Germany, headed by Rosa Luxemburg and other extremists, are becoming more active and are demanding the overthrow of the liberal government, headed by Chancellor Ebert, according to an Amsterdam dispatch to the Post today.

The separatists are siding with the radicals.

They are demanding, in addition to the overthrow of the German government, the confiscation of all food, the abolition of rationing, and other reforms.

German bolsheviks have not yet joined the German republic, and probably will not do so until the general elections are held.

S. S. S. Greatest Blood Remedy Gives Results When Others Fail

Nature's Remedy for Blood Troubles.

The purifying and curative properties of Nature's great remedy have made "S. S. S. for the Blood" a household saying. Thousands today enjoying perfect health owe their recovery from blood or skin diseases to this universally used blood purifier. S. S. S. is made entirely from roots, herbs and barks, which possess cleansing and healing ingredients. You cannot be well when your blood is impure; you lack strength and your complexion becomes pale and sallow; your vitality is weakened. When waste or refuse matter, which Nature intends shall be thrown off, is left in the system, it is absorbed into the blood and boils, pimples, rashes, blotches and other eruptions of the skin appear.

S. S. S. goes into the circulation and removes every particle of blood tainted or poison of every character. All skin diseases and eruptions pass away, and the smooth clear skin, glowing with health, shows that the body is being nourished by rich, pure blood. Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, all are deep-seated blood disorders, and for their treatment nothing equals S. S. S. Get S. S. S. at any drug store.
